

## REMARKS

### 1. Objections to the Drawings

In the Office Action, the Examiner has objected to the Drawings as not being properly cross-hatched. Corrected replacement drawing sheets including such cross-hatching are attached. Therefore Applicants believe that the objections to the drawings have been overcome.

### 2. Allowable Subject Matter

In the Office Action, the Examiner has indicated that the subject matter of previous claims 4, 8, 10 and 11 would be allowable if rewritten in independent form. Amended Claim 1 now includes all of the features of previous claim 8; New Claims 28, 33 and 40 include all of the features of previous Claims 11, 4, and 10, respectively. All other Claims currently pending depend from Claim 1, 28, 33 or 40 and therefore Applicants believe that all of the Claims should be allowed.

Applicants respectfully submit that Applicants' claimed invention is deserving of patent protection because it describes a useful and functioning structure, which is patentably distinguishable over the prior art.

In conclusion, Applicants respectfully submit that this Amendment, in view of the Remarks offered in conjunction therewith, are fully responsive to all aspects of the objections

and rejections tendered by the Examiner in the Office Action. Applicants respectfully submit that they have persuasively demonstrated that the above-identified Patent Application, including Claims 1-3, 5, 10-11, and 28-44 are in condition for allowance. Such action is earnestly solicited.

A check is attached in the amount of \$122 for one additional independent Claim and two additional dependent Claims. It is believed that this Amendment letter does not require any other fee, but if there are any other fees incurred by this Amendment Letter, please deduct them from our Deposit Account NO. 23-0830.

Respectfully submitted,
